

Aloha Ancient Being,

If you are reading this, you have a role to play in birthing the New Earth! There is a quickening happening and many Star Seeds, Earth Angels, Change-Agents and Light Leaders are hearing the call to step up. What is it you came here to do? Who are you here to serve? Are you ready to access your full capacity as a human being? This is what the Light Leader Academy is devoted to!

If you read through this and would like further information or to speak with the director, Maria Owl, just email us at contact@sacredfuture.org.

With respect,
Maria Christina Owl, Director

GLOBAL LIGHT LEADER TRAINING

Pillars of the program:

COMMUNITY – No more isolation! As a highly sensitive person, you are not alone! We welcome you into our family of light leaders, star seeds and consciousness pioneers, where we are devoted to transparency, higher love, and upliftment for all. Everyone who enrolls in this training feels a strong inner-calling. Your Higher Self already agreed to meet the people in your cohort, because they are the ones who hold gifts for you and you for them!

SELF-AWARENESS – This is the most important work we can do right now. Knowledge and understanding bring freedom! Know Thyself! We will dive into practices and exercises to support you in uncovering limiting belief patterns so you can dismantle them and restructure your mind-body-energy systems! Now you are poised to fulfill the purpose for which you were born.

SOUL PURPOSE – You came here for a reason! It's time to wake up! The Earth and future generations need you. Through multiple healing sessions with a highly developed group of spiritual guides, you will find yourself unveiling your true identity beyond your personality. Reclaim your multi-dimensional timeless Self and understand the power you truly carry to create reality.

GLOBAL SERVICE – We don't wake up just for our own bliss. We wake up to serve others in waking up! Because we are all connected. During this nine-month training you will receive the tools you need to participate in three Global Lightwork missions. We will be traveling to Hawaii, Tulum-Mexico and California where we will work as a group to harmonize the Earth Grids and repair the natural portal (vortex) systems. Once you graduate you will take these tools with you, because they were always in you from the beginning, just waiting to be discovered. Serve the world from your own unique calling with confidence and joy.
